

Remarks

This amendment is in response to the Office Action mailed on July 25, 2007. Applicant gratefully acknowledges the indication of allowable subject matter in claims 14-16. Claims 1-13 and 17-20 are cancelled, and claim 14 is being amended. In view of the above amendment to the claims and following remarks, Applicant respectfully asserts that the present application is in condition for allowance and respectfully requests the issuance of a Notice of Allowability indicating the allowance of claims 14-16.

In the Office Action, claims 14-16 were objected to as being dependent upon a rejected base claim, but were indicated to be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 14 is being rewritten in independent form to include all the limitations of the claims from which it depends and all intervening claims. Applicant notes that the limitation in cancelled claim 12 reciting "pull relief means have been provided on one of the frame parts" is being modified in amended claim 14 to recite "pull relief means provided on at least one of the frame parts" to more clearly claim the invention.

In view of the above amendments and remarks, Applicant respectfully asserts that the present application is in condition for allowance and respectfully requests the issuance of a Notice of Allowability indicating the allowance of claims 14-16. No fees for filing this response are believed to be due. However, if such fees are due, including the fees for an extension of time, the Commissioner is hereby authorized to charge them to deposit account no. 17-0055.

Respectfully submitted,
